Dear Mr. Weisberg:

I. On page 23 of Oswald in New Orleans you indicate an intention to publish Whitewash III: The Archive. Did this happen? How can I obtain a copy? If it is not available, did Marina Oswald's 45-page testimony (referred to on page 23) appear in any of the Warren Commission's 26 volumes of Hearings and Exhibits. If so, which specific one? If not, do you still have a copy of this 45-page testimony? which you can make available to me? Do you also own the original Russian version? I would like to obtain both! Please tell me the purchase price(s). I can make payment with a check drawn on an account in the U.S.A. To cut costs I can give you an address in N.Y.C. to mail materials.

II a) Whitewash IV published pages 127-212 of the Warren Commission Executive Session on 11/22/64. Can you make other pages from this transcript available?

b. Post Mortem published the transcript of the 11/22/64 Warren Commission emergency meeting. Is this the complete transcript? If not can you make more of it available? to me?

c) In both books you published pages from different Warren Commission Executive Sessions. Do you have more Executive Sessions' materials not included in these books? that can be made available? To me?

III a) On Whitewash IV, page 204, you refer to an Earl Warren letter of April 5, 1965 to the Department of Justice. Can I have a copy of this letter?

b. On Post Mortem, page 300 you indicate Earl Warren "ordered" an examination of the autopsy files and refer reader to Appendix. After rereading Appendix I saw no "order" document of Earl Warren. What page is it on? If not reproduced in Post Mortem

may I obtain a copy of it from you?

I have learned a lot from reading Whitewash I II, Photographic Whitewash, Whitewash III, Post Mortem.

Thank you for persisting.

Sincerely,

Dr. R. Faldberg
